

PRODUCT HIGHLIGHTS:

The Legion STRETCH Trainer is a professional grade stretching machine that provides deep, controlled stretches for your back, hips, shoulders, and legs. Critical for recovery and support of your body's muscles, ligaments, tendons, and overall flexibility.

Compact and robust in design, yet easy to use and portable. Constructed with industrial-grade steel, high quality components, premium pads and upholstery, and safety straps, the Legion STRETCH is perfect for home or professional use.

The Legion STRETCH instructional placard guides you through stretches to target specific areas of the body including lower, mid, and upper back, shoulders, hips, and legs.

Built in transport wheels makes moving the Legion STRETCH easy and effortless so you can store it out of the way when not in use.
